TEAM - Fire Department BATSHARK Battery Powered Chainsaw

TEAM Equipment Fire Department Battery Powered SHARK Chainsaw powered by Husqvarna.

The BatShark giving you a unique combination of high efficiency and clean operation in a lightweight, powerful machine. Reduced overall cost of ownership with this high-performance battery machine compared to an equivalent gas-powered chainsaw. The BatShark eliminates direct emissions, operates quieter with lower vibrations and minimized maintenance and never needs gas. Without the worry of bad fuel or dirt ingestion causing carburetor or engine repairs, the BatShark will give you years of dependable service.

FEATURES:

Battery Operation - Gas Performance

The 36V Li-ion battery pack provides equally high power, reliable operation and longevity as a gas powered product without any direct emissions, no fuel to go bad, spark plugs to foul and so on. You will get as much done on a single charge, as you would on one tank of gas.

Highly Visible

Reflective fire department lettering for easier visibility.

High Chain Speed

High chain speed for fast, smooth wood cutting. Inertia activated chain brake reduces the likelihood of injury due to kickback.

Efficient Brushless Motor

Husqvarna powered, in-house developed, advanced brushless motor is 25% more efficient than a standard brush motor providing consistent high torque.

Intuitive Keypad

The keypad is very easy to operate with gloved hands.

Low Maintenance

No fuel refilling costs, less parts to service and an electronically controlled drive system means less downtime and low operation costs.

Save™

Choose between normal or Save™ mode for maximum power or maximum runtime.

Flip-Up Oil Tank Cap

The flip-up oil tank cap is easy to open.

Oil Tank Window

Clear oil tank window allows easy visual inspection.

Retained Bar Nut

The retaining function prevents losing the bar nut.

One Battery Fits All

The battery pack is designed for demanding, long lasting professional use on products within the Husqvarna Battery Series line-up. This allows you to quickly switch batteries between the BatShark Chainsaw and K12FD9 rotary saw and keep working.
