

TEAM K12FD-E14 Rescue High Power Battery Saw - Charged With Possibilities

K12FD-E14RSQ high power 94 volt battery saw has the power and performance you expect from equivalent gas-powered cutters. Equipped with X-Halt™ brake function stops the blade for enhanced operator safety. Ergonomic and user-friendly with low vibrations, optimally balanced machine and zero direct emissions. Built-in connectivity makes it easy to monitor saw location, runtime, service intervals and receive wireless updates through FOTA (firmware over the air). Powered by Husqvarna PACE battery system with high power and fast charging for impressive productivity and a well-suited match with our specially designed battery blade range for maximized cutting depth and optimized performance.

High power with flexibility

Power and performance on par with equivalent gas-powered cutters. An integrated gearbox enables higher torque, integrated wet cutting system, or VAC attachment as an accessory for dry cutting, enables efficient and flexible dust control.

High power PACE battery system for high versatility

Enables quick charging, high power and performance which maximizes your efficiency and productivity. Zero direct emissions make it possible to easily cut indoors, in sensitive areas or urban areas where emission levels might be regulated.

Ergonomic, user-friendly and with enhanced operator safety

Exceptionally low vibrations, zero direct emission and silent motor sound enables a more pleasurable work environment. The handles are specially developed to be comfortable and increases control. X-Halt™ brake function, capable of stopping the blade in fractions of a second, enables enhanced safety while cutting.

Specially designed blades

You can look forward to high quality 12" and 14" (300 mm and 350 mm) diamond blades specifically designed for the K12FD-Exx battery cutter to optimize its performance and cutting depth.

SPECIFICATIONS

K12FD-E12 & E14 Rescue Saws	12" (300 mm)	14" (350 mm)	RESCUE 14"
Motor	Brushless Husqvarna motor	Brushless Husqvarna motor	Brushless Husqvarna motor
Nominal voltage, V	94	94	94
Recommended batteries	B380X, B750X	B380X, B750X	B380X, B750X
Cutting depth, max in (mm)	4.7 (121)	5.7 (144.5)	5.7 (144.5)
Max blade speed RPM	3800	3400	3400
Length (excl. blade), in (mm)	25.5 (648)	25.5 (648)	26.1 (663)
Height, in (mm)	16 (400)	16.6 (423)	16.6 (423)
Weight (excl. battery), lbs (kg)	15.8 (7.2)	16.3 (7.4)	17.4 (7.9)

CUT OFF QUANTITY

BATTERY*	CONCRETE SLAB	CONCRETE PAVER 16 X 16 X 1.5 IN (400 X 400 X 50 MM)	GRANITE 11.8 X 4 IN (300 X 100 MM)	CINDER BLOCK 15.4 X 6 X 6.6 OM (390 X 150 X 167 MM)	CONCRETE PIPE OUTER/INNER Ø: 13.1/8.9 IN (335/225 MM)
					
B380X	8.2 ft (2.5 m) in 5.6 in (141 mm) deep reinforced concrete	Up to 33 pcs	Up to 9 pcs	Up to 35 pcs	Up to 6 pcs
B750X	16.4 ft (5 m) in 5.6 in (141 mm) deep reinforced concrete	Up to 81 pcs	Up to 18 pcs	Up to 93 pcs	Up to 18 pcs

* Cutting results may vary depending operator skills, ambient conditions, type of material and the quality of diamond blade and should be viewed as indicative only. For this chart a K1 PACE 14" battery power cutter was used with a Tacti Cut S35 Bat diamond blade.

RELATED PRODUCTS AND ACCESSORIES

B380X PACE BATTERY

High power PACE battery equipped with built-in connectivity. Capacity: 375 Wh. Weight 6.6 lbs (3 kg.) Charging time 100% with C900X PACE charger: 45 min. Charging time 100% with C1800X PACE charger: 45 min.

B750X PACE BATTERY

High power PACE battery equipped with built-in connectivity. Capacity: 750 Wh. Weight 11 lbs (5 kg.) Charging time 100% with C900X PACE charger: 75 min. Charging time 100% with C1800X PACE charger: 45 min.

C900X/C1800X PACE CHARGERS

High power battery chargers with a capacity of 1800 W suitable for B380X and B750X PACE batteries. Equipped with a fast charging mode and active cooling – enabling fast charging of batteries.

PACE BATTERY BOX

A wooden box suitable for transportation. The tailored insert fits two PACE batteries and a charger. It is UN 3480 certified for transportation of lithium-ion batteries.

TEAM PIRAYA Diamond Blade

Has vacuum brazed diamond for fast cutting everything a fire department needs to. The Piraya diamond blade has quickly become the standard fire department "go to" blade across the nation. Our "Cut All" Blade

ELITE-CUT S35 BLADE

Specifically designed for K1 PACE battery cutter, with enlarged outside diameter to increase the cutting depth. The blade features the innovative Exo-Grit segment, a silent core and smarter indicators for enhanced safety during operation. Primary cuts stone, brick, granite, reinforced concrete with larger segment to last longer.

TACTI-CUT S35 BLADE

Specially designed to fit the power and RPM of K1 PACE. The Tacti-Cut blade is intended for the occasional user or for initial cutting operation. It includes smarter features, silent core and offers a good price/hard-working performance ratio. Primary cuts stone, brick, granite, reinforced concrete and some metal.

VAC ATTACHMENT

The VAC attachment's impressive dust collection enables you to cut without water. With the quick connection it's easy to quickly install and remove the VAC attachment.
